## MULTICHOICE® UNIVERSAL ROUGH

The Delta® MultiChoice® Universal Valve gives you the flexibility to upgrade the style and functionality of your shower without altering the plumbing behind the wall. By installing the universal valve first, you have the freedom to decide (or change your mind on) what type of shower you want later.

## DIAMOND SEAL® TECHNOLOGY

Delta faucets with Diamond Seal® Technology perform like new for life with a patented design which reduces leak points, is less hassle to install and lasts twice as long as the industry standard\*.

## TOUCH2O.XT® TECHNOLOGY

Three convenient ways to operate your bathroom faucet: manually, with a touch or hands-free.

## TEMPSENSE® INDICATOR

Clearly shows when water is cold, warm or hot with a color-changing display, helping your family avoid hot and cold temperature surprises.

## MAGNATITE® DOCKING

A powerful magnet keeps pull-down wands in place and faucets looking picture perfect.

\*Industry standard is based on ASME A112.18.1 of 500,000 cycles.
